24 Hour Food

A photograph capturing a group of people at what appears to be a food or exhibition booth. In the foreground, a man with a beard and curly hair, wearing a grey and white argyle sweater over a blue shirt, stands facing right. Next to him, another man in a white button-down shirt has his arm around his shoulder. To the right, a person in a brown leather jacket and a white t-shirt is seen from behind, carrying a white tote bag. The background features a wall with a repeating pattern of black circles and the words "javaBIR" and "Street" in red and green. A small sign on the wall reads "24 Hour Food".

I love it when inexperienced programmers tell me Java sucks. It's like a newbie carpenter saying nails are obviously better than screws.
